REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of the Washington School District.

The superintendent of schools submits this his second annual school report for your consideration.

School Organization

School Board: J. Victor Dyer, chairman; Perley H. Crane; Mrs. Amy Farnsworth.

Superintendent of Schools: Vincent Gatto, Ed. M., Hillsboro, N. H.

Teachers: Mrs. Ada Wagner, East Washington, salary $900.00, New Hampshire teaching license. Mrs. Ruth Ladd, Dole school, salary $900.00, New Hampsihre teaching certificate. Miss Ella D. Perham, Center school, salary $900.00, New Hampshire teaching certificate.

All the teachers are normal school graduates.

The following pupils maintained perfect attennance without being tardy during the school year 1935-1936 for the number of terms indicated.

East Washington: Clinton Cornell, one term; Ruth Cornell, two terms; Dorothy Dyer, one term; Arthur Pavelicek, one term; Frank Pavelicek, one term; Raymond Pavelicek, one term; Rose Pavelicek, one term; Ruth Pavelicek, one term; Arthur Tucker, one term; Jennie Tucker, one term.

There were no graduates from any of the schools.

General Discussion

We did not have any eighth grade in our schools last June. Consequently there was no graduation. However we observed the end of the school year with suitable closing exercises in the town hall before a large audience. The various schools in town furnished musical numbers, recitations and playlets. The superintendent of schools spoke on educational matters, and the school board furnished refreshments. The occasion proved to be one of the most enjoyable events of the year in Washington.

Every school this year has one or more pupils in the eighth grade. We look forward to next June with great interest, and expect to have one of the best graduations which the town schools have ever presented before the public.

We were in hopes to introduce the study of music in our schools this year. In fact a music supervisor was engaged but, for various unavoidable causes our plans failed to carry out. We hope that we may meet with better success in the near future.

With the financial assistance of the State Board of Education the Dole school was remodeled during the summer vacation. The improved building, the more spacious play field, and the greater equipment enable us to do a better job with our boys and girls. The children from Windsor who heretofore attended school at Hillsboro Upper Village came to Washington well prepared to take their places side by side with Washington children. The school is serving the educational needs of the two communities effectively.

At the last annual meeting a progressive policy was adopted for the gradual improvement of our school buildings. Accordingly during the summer vacation each member of the school board took charge of improving one building. The result was a material improvement which reflects credit on the district as well as those who led in the movement. A number of things remain to be done such as painting better lighting, a better grade of curtains, and the improvement of toilet facilities. Another condition which needs immediate attention is the seats and desks especially at the Center school. The furniture in the last named school is rapidly going to pieces. We should begin with one school at a time, and replace the old furniture with movable desk units which may be adjusted to the changing size of the children. At the present time it is very difficult for a long legged child to occupy his seat with the pressure of the desk on his knees five hours a day. The same is true of the child who has to sit with his feet dangling above the floor level.

It would be a fine thing if we could appropriate the sum of one hundred dollars for books for next year. This amount would leave us a margin of twenty-five or thirty dollars to purchase additional supplementary reading on science, travel, economics, and weekly periodicals to broaden the mental horizon of our children.

It is gratifying to commend the work which has been done by the nurse with the support of the general public for the health of our children. The dental clinic which was held early in the year has eliminated many a toothache and other complications. The old saying that a healthy body means a

healthy mind is ever true. The proper time to remedy the physical ailments of the children is during their school life.

The superintendent appreciates his opportunity to work with the school board and a corps of teachers intensely interested in the general welfare of the boys and girls of Washington. Let us so act and work as to leave our schools a little more advanced as the years go by.

Respectfully yours,

VINCENT GATTO,

Supt. of Schools.
